

# TRIGGER GUNS

***G250V TRIGGER GUN***

PRESSURE: 4000 PSI FLOW RATE: 12 GPM  
 TEMPERATURE: 300°F WEIGHT: 25 OZ  
 INLET - OUTLET: 3/8" FNPT - 1/4" FNPT  
 PART NO.: 240155 / REPAIR KIT: 220304

***ST1200 TRIGGER GUN***

PRESSURE: 350 PSI FLOW RATE: 14 GPM  
 TEMPERATURE: 100°F WEIGHT: 28 OZ  
 INLET: 1/2" FNPT  
 PART NO.: 401618

# LANCES

## SINGLE LANCES

## DUAL LANCES

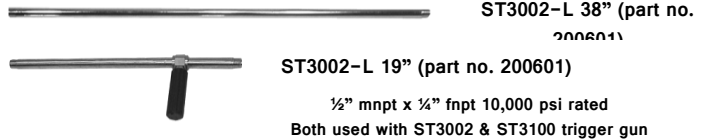

1/4" diameter zinc plated or stainless steel with solid or vented grip - 1/4" diameter zinc plated or stainless steel with solid or vented grip and 4000 psi rated

Part no.	length	material	grip
202493	12"	zinc plated steel	solid
202622	18"	zinc plated steel	solid
400109	24"	zinc plated steel	solid
202494	36"	zinc plated steel	solid
202495	48"	zinc plated steel	solid
202496	60"	zinc plated steel	solid

Part no.	length	material	grip
200794	38"	zinc plated steel	solid
401444	40"	stainless steel	vented

## SPECIALTY LANCES

### WATER BLASTING LANCES

## SPECIALTY LANCES

### ST72 FOAM LANCE WITH AIR INJECTION

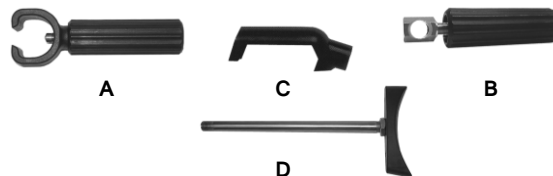

With integral air ports and diffusers - max. 900 psi / 300°F

Part no.	length	flow rate-gpm
401619	48"	1.0 to 2.9
401620	48"	3.0 to 3.9

Part no.	length	material	grip
200601	19"	stainless steel	side handle
400801	38"	stainless steel	side handle

## LANCE ACCESSORIES

### LANCE HANDLES

- industrial grade polyurethane flex section
- maximum pressure 2000 psi
- maximum temperature 200°F
- inlet & outlet - 1/4" mnpt

- A - lance handle for molded grip - part no. 401625
- B - lance handle for any 1/4" lance - part no. 400138
- C - shoulder support for st2605/st2700/st2705 guns - part no. 401624
- D - shoulder support - part no. 401623
